2019

Projects:

- Car-e Port | UX/UI Case Study & Responsive Website

Live demo - <https://robinson29322.github.io/Car-dealer/>

Project - <https://github.com/Robinson29322/Car-dealer>

Problem:

Discovered the user confused by lot of models, specs and price details leads to early drop-off. It increased frustration and lowered the user's retention rate.

Design Process:

Conducted user research to identify user pain points.

Created user journey maps and information architecture.

Designed wireframes and interactive prototypes in Figma.

Developed a responsive website using HTML, CSS, JavaScript, and Bootstrap.

Focused on accessibility, usability, and responsive design throughout the project.

Solution

Displayed brands over models to reduce confusion. Price and specs were displayed clearly to scan and make decision confidently. Specific suggestion prevents frustration and increase the retention rate.

Impact:

Made the browsing experience simpler by guiding users step-by-step from brand selection to model details. Then followed by specs and price lead to clear understanding. This helped improve clarity and made it easier for users to proceed toward inquiry or test drive.

Tools used

Figma, Figjam, HTML, CSS, JavaScript, Bootstrap.

- Admin Dashboard UI Design:

Designed responsive admin dashboard interfaces with light and dark themes

Applied visual hierarchy, typography, spacing, and reusable UI components to improve usability.

Focused on creating clean, modern, and data-driven user interfaces using Figma.

- Responsive Landing Pages:

Designed responsive landing pages optimized for desktop, tablet, and mobile devices.

Created clear content hierarchy and user-friendly layouts.

Focused on improving readability and user engagement.

- Mobile app User Interfaces:

Designed intuitive mobile application interfaces emphasizing usability, consistency, and accessibility.
Created modern UI layouts and interactive screens using Figma.

Soft skills:

- User Empathy
- Critical thinking
- Collaboration
- Communication
- Problem solving
- Decision making

Languages:

Tamil and English
